

## AIR TRAVEL SAFETY

Air travel has become more reliable with many safety measures implemented in the recent years

## DEPARTURES AND TRAFFIC

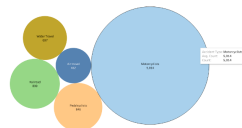

While the Airline flight departures has remained fairly consistent, the number of accidents has reduced significantly

### TRANSPORTATION SPECTRUM

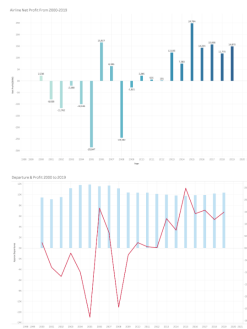

Airline travel are very low compared to all other type of travel transportation within 2019. Motorcycle is still the highest fatality rate for traveling and unsafe.

Transportation Safety Spectrum in 2019

### AIRLINE PROFIT

Increase in profit over years proves the people trust in the air travel which is only going to increase in future.

**Flying is the best form of traveling!**

From 2000 to 2019 airline safety has increased exponential, as the number of accidents and deaths have decreased.
